Gulfside Hospice to Celebrate Grand Opening of New Gulfside Center for Hospice Care

New Port Richey, FL – Gulfside Hospice is proud to announce the grand opening of the new Gulfside Center for Hospice Care, located at 5299 Deer Park Drive, New Port Richey, FL. The celebration will take place from 5 to 8 p.m. on Friday, September 19, and will feature an evening of community connection, reflection, and celebration.

Guests at the grand opening will enjoy speakers, special presentations, tours of the new facility, hors d'oeuvres, and refreshments. This milestone event marks the beginning of a new chapter in compassionate, specialized end-of-life care for the Tampa Bay region.

The new Gulfside Center for Hospice Care features 24 private patient rooms designed for comfort and dignity, as well as private gathering spaces where families can spend time together in peace and privacy. The grounds also offer a memorial butterfly garden with a serene fountain and a covered pergola, providing a tranquil space for remembrance and reflection.

The center is equipped to provide specialized, round-the-clock services for patients who require a higher level of care, as well as respite care for families of hospice patients. In addition, it offers unique programs such as The Gift of Time, a compassionate extubation program that supports patients and families in making the most of meaningful final moments together.

"This new facility represents our unwavering commitment to providing exceptional, compassionate care to patients and families when they need it most," said Linda L. Ward, President and CEO of Gulfside Healthcare Services. "We're honored to open our doors to the community and share the healing, comfort, and peace that this center will provide."
